Indianapolis, IN

(954) 773-5246

[kerrym175@gmail.com](mailto:kerrym175@gmail.com)

## Professional Summary

Highly motivated and goals-driven front-end developer. Experienced in using Reactjs, typescript, HTML5 & CSS, JavaScript, Bootstrap, and several other frontend technologies to build performant and beautiful web interfaces. Excellent communication skills, as well as being attentive, and strong ability to collaborate effectively with the web development team.

## EXPERIENCE

### Mega Coders, Remote — React Js/ React Native developer

September 2022 - PRESENT

- Built the marketing site for mega Coders as part of a small team.
- Developed web interfaces using React JS, Context (Global state management), and React hooks for the efficient abstraction of business logic.
- Contributed to the creation of the iOS/Android app “Nani!?” , using React Native and Native base. Leveraged Expo to deploy the app to the app store and Play Store.
- Implemented Jest and React Testing Library to create unit tests to improve code confidence
- Collaborated with other devs using Jira and Bitbucket
- Architected the “deck” generation cadence, resulting in a reusable, predictable workflow for adding new content to the mobile app.

### Uptime-Solutions, Location — React js Developer

April 2021 - Present

- Collaborated with the backend team, implementing API contracts and ensuring the front end can communicate with the Python API using REST.
- Utilized React JS, Bootstrap, and redux to build reusable and visually pleasing components.
- Implemented cypress js for comprehensive E2E testing and integration testing.
- Leveraged D3.js, Apache EChart, dygraphs, and Plotly.js to display data retrieved from the API into graphical visualizations.
- Led the initiative in implementing MQTT and LDAP support for our clients..
- Utilized SQL to query the MySQL DB, to ensure proper data propagation.
- Translated product requirements into detailed actionable tasks, assisting in roadmap creation
- Employed Jenkins for CI/CD deployment to ensure continuous delivery.

## SKILLS

React js  
Redux  
JavaScript  
TypeScript  
JSON  
JSX, HTML & CSS  
API integration  
Git Tools  
Bitbucket  
Responsive Web Design  
Unit testing  
React Testing Library  
Jest

## Projects

NANI!? - the Fandom  
Charades Game: React  
Native  
Trivia App: NextJS  
Professional Portfolio:  
ReactJS

## Education

IronHack Coding Boot Camp  
Web Developer Certificate  
Miami, Oct '19 - Dec '19

Learned the following  
during this course:

Web development  
fundamentals, React js,  
hooks, context, JSX,  
CSS, Asynchronous  
development, JavaScript  
fundamentals, API calls,  
REST practices
